

BIG BEACH WEEK 2022 - Monday 28th
November to Friday 2nd December 2022

This year we have a huge program planned for you, your children and families in THE BIG BEACH WEEK 2022! This will be a whole week worth of activities and education to prepare your children and families to stay safe on our coast and in our waterways this summer.

We have lots of prizes for your students and school to win in our competitions !

Your children will be involved in a series of activities across the week learning about Lifesavers, beach safety, waterway safety, marine creatures, and will have fun watching Livestreams from our coastline and learning from our very own Lifesavers as they present to each classroom from the coast.

Get your family involved and share with us how you stay safe in your favourite place to swim and win some prizes for you and your family!

We urge you to engage with your children as they learn throughout the week and provide your children with opportunities to show you what they have learnt as you spend time at the water this summer – reinforcing these vital messages through practical experience is key to ensuring that our children know how to stay safe.

For more information on the week please visit [The Big Beach Week](#) online.
For more information on how to stay safe on the coast please visit our [Beach & Coastal Safety Resource Hub](#).

We hope your children enjoy the week!

HAVE A SAFE AND LOVELY SUMMER!
