

IS YOUR  
CLASS UP  
FOR THE  
CHALLENGE

# USE LITTER TO MAKE AN ARTWORK CREATION!

Put your creative hats on and create a piece of artwork using debris and waste from a **local waterway environment**.

Your class might like to create a mural from what they collect or a sea creature such as an octopus or a whale, or they can even decorate your classroom with themed crafts.

**BE AS CREATIVE AS YOU CAN!**

Share an image of the creations  
your class makes with us and  
will add it to our **Hub**.

Email a photo of your creations  
to us here:
